

Dear Class 2,

It feels strange but also lovely to be able to write you all a letter when I haven't seen you for a while. Now most of you aren't in school, this letter should make you feel a little more connected and the thought of you having some special post cheers me up greatly. It has been an odd few weeks without seeing your smiley faces everyday but I have been thinking about you all lots and hope you are keeping safe.

Firstly, I had better tell you I am well and have been busy working at home preparing lots of exciting activities for school. It has been great to see how hard you are working at home with our daily tasks, reading, TT Rockstars and Spelling Shed. Keep up that brilliant work! If you can share anything you do on Twitter, I would love to see what you have been up to. Over the Easter holidays, we have set something different for you to do in preparation for our own brand new topic "Where Have All the Mammoths Gone?" Read the challenge brief carefully as there could be some clues to what we will be learning about.

On top of all that wonderful work you are doing, I do hope you are managing to enjoy some extra time at home. This could be the time to learn some new skills like: baking, sewing, drawing, puzzles, running, cricket, singing or football. Enjoy some time to just be with your family and make sure you are looking after everyone just like we do in class- never forget to Focus on Family. I've enjoyed some extra time at home to get in some more reading and walking my beloved Labrador Rupert. He doesn't quite understand why I am at home so much and keeps trying to get me to play when I'm busy working (I'll pop a picture beside for you to see.)

I am sure you've been on your best behaviour at home, just as you would in school. Remember we are all a team so we need to do our best wherever we are! Keep on washing your hands and being safe. I'm sure you'd love to be back in school as much as I would but if we all make sure we stay at home then soon things can return to normal.

I'm missing each and every one of you but I am sure we will make it worth it when we are back at Devonshire.

Look after yourselves and take care.

Mrs Williamson ☺
