17<sup>th</sup> July 2020

Dear Year 6,

Well we have reached the end of the school year and it is a year that we never imagined would turn out like this. Some of you may remember that you were in my class way back in year 3 and I knew then that we had a really special year group. You worked hard, enjoyed school, were great friends and you looked out for each other. As you have gone through the juniors, this hasn't changed. I hope that you can look back at your time here and remember all the fantastic things that you have learned, done and achieved.

Your teachers this year have said all along how hard you have worked and they were so sad when schools had to close to nearly all of the children. Mr Qureshi, Mr Jarrett and Mr Baker knew that you were working at home with the online learning and doing Reading Plus and TTRS and they are so proud of you. They have missed teaching you, seeing your faces each day and watching you progress.

When you start secondary school in September, me, Miss Philpot, Mrs Clements, Ms Barnsley and your teachers really hope that you go with confidence and can apply it to your studies there. We know that you will be amazing and will do well if you continue to try your best and not be afraid to have a go and challenge yourselves. Aim high and believe in yourself!

When we return in September, things will be different but we would like to arrange something so you can come back and have some kind of celebration of your time at Devonshire. We will be in touch!!

For now, have a fantastic break with your families, be kind and stay safe and alert.

Best Wishes

Mrs Waldron

Mr Qureshi

Mr Baker

Mrs Clements

Miss Philpot

Mr Jarrett

Ms Barnsley
