The perimeter of each small rectangle is 16 cm, so the perimeter of my larger rectangle must be  $2 \times 16 \text{ cm} = 32 \text{ cm}$ .

a) Is Mo correct? \_\_\_\_\_

Work out the perimeter of the larger rectangle to check your answer.

**European Holidays**

There are many places to visit on holiday in Europe that are perfect for that special summer getaway. There are sandy beaches, bustling cities, historical castles and green hills. There is also a variety of places to stay; perhaps for you, camping is more fun than staying in a hotel. Many countries have resorts perfect for families, with facilities such as swimming pools and playgrounds nearby. For a more romantic escape, couples may prefer a break in one of Europe’s beautiful historic cities, such as Rome, Barcelona or Paris. I would definitely recommend a trip to Europe for your next great adventure as it is full of beautiful landmarks and fun experiences.
